Christy Watson, Administrator Powerline Residential Care 930 S Powerline Rd Nampa, ID 83686

Dear Ms., Watson:

On January 31, 2007, a complaint investigation survey was conducted at Powerline Residential Care. The survey was conducted by Debra Sholley, LSW and John Wingate, RN. This report outlines the findings of our investigation.

## **Complaint # ID00002580**

Allegation 1:

Caregiver was intoxicated and did not know where residents were.

Findings:

Based on interview and record review it was determined the caregiver was

intoxicated.

Interview with the house manager and the administrator, on January 31, 2007 at 1:31 p.m. revealed the caregiver was intoxicated on January 3, 2007. But they also stated he was not on duty at the time of the incident and all residents were out on a shopping trip with another caregiver.

Review of the "as worked" schedule dated January 3, 2007 documented that the intoxicated caregiver was not scheduled as having worked that day.

Conclusion:

Substantiated. However, the facility was not cited as they acted appropriately by reprimanding the caregiver verbally and in a letter.

Sincerely
